

THE HUSKY TOOL COMPANY

SUPER STRENGTH SOCKET WRENCHES AND TOOLS
FOR INDUSTRIAL, AUTOMOTIVE AND AERONAUTICAL USES

POST OFFICE BOX 56

NEW BRITAIN, CONN.

August 26th, 1938

Capito Garage
637 W. 21st Street
Erie, Pa.

Gentlemen:

As requested on your recent card we are very glad
to enclose copy of our #38 Catalogue illustrating and describing
our wrench line. We are pleased to quote you a discount of 25%
from the prices shown in this catalogue. All prices are F.O.B.
New Britain, Connecticut.

Yours very truly,
THE HUSKY TOOL COMPANY

C. H. Sweet

CHS:EPC
Encl.

FOREWORD

The aim of the Husky Tool Company is to give you the best tools it is possible to make at the lowest possible price. No detail of construction or design is too small to receive our serious attention, and every effort has been made to secure the best material obtainable.

Husky Tools are designed and built by mechanics, for mechanics who appreciate good tools. They will make it easier to take care of the more difficult jobs that are continually cropping up in new model cars and trucks. These jobs can be handled faster with Husky Tools because there will be no interruptions caused by faulty design and construction.

Husky Tools are being put on the market because of our firm belief that the mechanic of today is interested, not in cheap tools cheaply built, but in quality tools at a fair price.

OUR GUARANTEE

Husky tools are guaranteed against defects in material and workmanship. Any tool which has proven to be defective will be gladly replaced without charge, provided it has not been abused, improperly ground or heated, or used for purposes other than that for which it was designed. We cannot allow claims for labor or damage.

Husky CHROME ALLOY

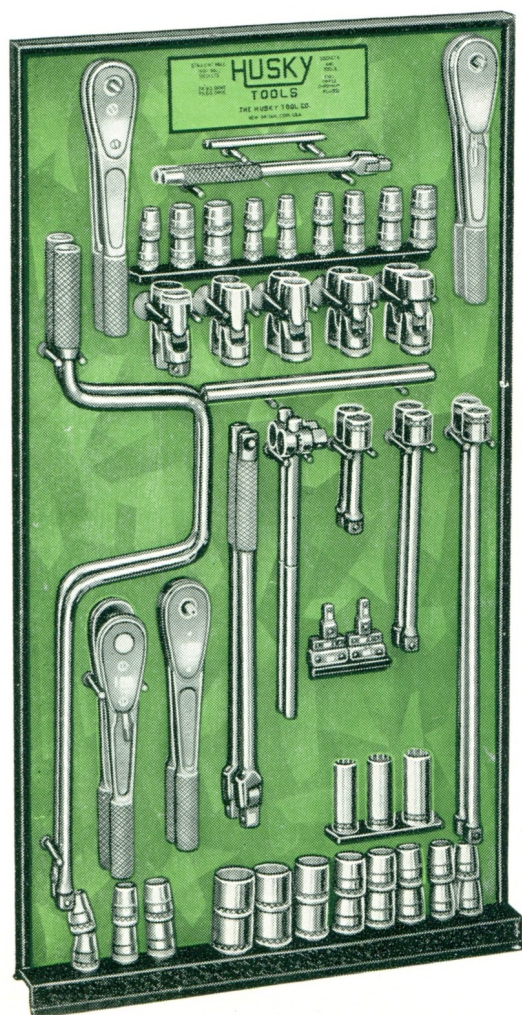

DISPLAY CABINET

$\frac{1}{4}$ " SQUARE AND $\frac{3}{8}$ " SQUARE DRIVE

In this Cabinet we have arranged an attractive collection of the chrome alloy $\frac{1}{4}$ " and $\frac{3}{8}$ " square drive sockets and tools. The pieces your customers are most likely to need. The increasing demand for tools that can be used on light, delicate jobs means a cordial reception to a display of this type. The larger tools, with the $\frac{1}{2}$ " square drive are often too heavy and cumbersome for the job. With these light, but tough tools there is a distinct saving in time and equipment parts. The aeroplane and auto mechanic will appreciate the many troublesome jobs that can be taken care of with them. Oil Burner and Electric Refrigerator service men like them because they fit so nicely into their compact kits. Mechanics in all lines of work will be glad to add a few of these tools to their equipment. There is a splendid collection in this Cabinet for them to select from. There is a 6" and a 10" Flex Handle that can be used at any angle. Ratchet handle with light delicate swing, both in Reversible and Non Reversible types. A speeder that is a delight to handle. A full line of sockets from $\frac{1}{4}$ " to $\frac{3}{4}$ " with 12 point double hex broaching and from $\frac{1}{4}$ " to $\frac{3}{8}$ " with 8 point double square broaching. Also the necessary adapters to permit the combination of any of the handles or ratchets with any size socket. The same care and accuracy that has always distinguished Husky Tools is exemplified in these. The Chrome Alloy steel from which they are made gives long life and service and the Triple Chromium plate adds the touch of beauty and distinction that characterizes quality tools. You buy the tools, we furnish you the cabinet to help you sell them. Size of Board 22 $\frac{1}{2}$ " high by 13" wide.

NO. 2226 DISPLAY CABINET

This Cabinet contains the following selection of Husky small tools that have proven to be time and money savers. No changes in assortment can be made when purchasing one of these cabinets.

Husky CHROME ALLOY

MIDGET STRAIGHT WALL SOCKETS AND ATTACHMENTS

1/4" SQUARE DRIVE

The "Midget" sockets and attachments will take the tedious work out of the small jobs and speed them up. Designed for use on magnetos, generators, starters, carburetors, lights, radio, electrical work and many other uses that the larger tools will not handle satisfactorily. They are carefully and accurately machined, well proportioned and have a 1/4" square drive.

MIDGET SOCKET EXTENSION

No. H4580

A tool for convenience in reaching unusual and out of the way work. 6" long.

No. H4580—Socket Extension
Shipping Weight 4 Oz. Each
List Price \$0.40

SLIDE TEE HANDLE

No. H4583

A slide head offset or Tee Handle that is one of the most convenient tools in the mechanics kit. An effective many purpose tool.

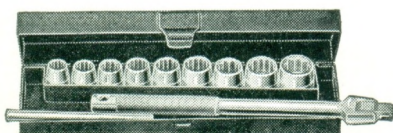

No. H4583—Slide Tee Handle
Shipping Weight 8 Oz. Each
List Price \$0.60

No. 2277

No. 2277—This "Midget" set is packed in the Husky Display Container that attracts the customers attention and invites his purchase. It contains six 12 point sockets 1/4", 9/32", 5/16", 11/32", 3/8" and 7/16". Three 8 point sockets, 1/4", 5/16" and 3/8", with a 6" long Flex Handle and 3" Cross Bar. All 1/4" Square Drive.

No. 2277—11 Piece Set—Shipping Weight 3/4 Lb. Each
Packed 50 per Case—List Price \$2.28

No. 2276

No. 2276—This set is the same as the No. 2277 except that it is packed in a covered steel box in Gray Damaskene finish instead of in the open Husky Display Case.

No. 2276—11 Piece Set—Shipping Weight 1 Lb. Each
Packed 50 per Case—List Price \$2.28

MIDGET STANDARD RATCHET

No. H4002

The same weight and size as the Reversible Ratchet, but has a removable plug for reversing action.

No. H4002—Standard Ratchet
Shipping Weight 6 Oz. Each
List Price \$1.50

MIDGET REVERSIBLE RATCHET

No. H4591

The 1/4" Square Drive ratchet makes easy work of tricky carburetor and ignition jobs. Good also for small electrical bench work. Hair spring action, and can be instantly reversed without removing it from the work.

No. H4591—Reversible Ratchet
Shipping Weight 6 Oz. Each
List Price \$2.07

6" FLEX HANDLE

No. H4598-H3257

A Midget Spinner Handle for Carburetor, Ignition, Radio and other similar work. With the cross bar a Tee Handle with Flexible head that can be used at many angles.

No. H4598—6" Flex Han.—List. Pr.\$0.80
No. H3257—3" Cross Bar—List Pr. .10

No. H3732
1/4" to 3/8" Sq. Adapter
List Price \$0.36

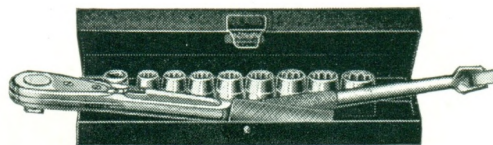

WOOD HANDLE ADAPTER

No. H4586

For radio and ignition this adapter makes a spinner wrench from any 1/4" square drive socket. 6" long.

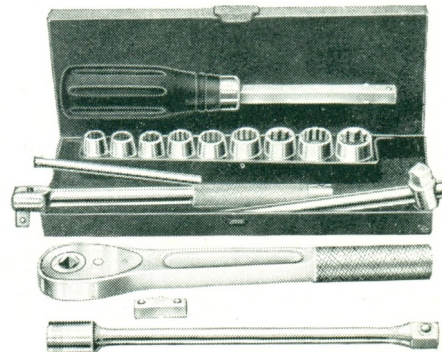

No. H4586—Wood Handle Adapter
Shipping Weight 4 Oz. Each
List Price \$0.40

No. 2278

A 12 Piece Midget Set with Reversible Ratchet. It contains Six 12 point sockets 1/4", 9/32", 5/16", 11/32", 3/8" and 7/16". Three 8 point sockets 1/2", 5/16" and 3/8". A 6" Flex Handle and 3" cross bar and a reversible ratchet.

No. 2278—12 Piece Set—Packed 50 per Case
Shipping Weight 1 1/2 Lbs. Each—List Price \$3.80

No. 2279

This 16 Piece set contains a complete collection of the essential Midget. Six 12 point Sockets, 1/4", 9/32", 5/16", 11/32", 3/8" and 7/16". Three 8 point sockets 1/4", 5/16" and 3/8". A 6" Flex Handle and Cross Bar, Slide Tee Handle, socket extension, wood handle adapter and standard ratchet with adapter.

No. 2279—16 Piece Set—Packed 50 per Case
Shipping Weight 2 Lbs. Each—List Price \$4.36

Husky CHROME ALLOY

STRAIGHT WALL THIN WALL SOCKETS AND ATTACHMENTS

$\frac{3}{8}$ " SQUARE DRIVE

Nos. H3721-H3729

10" Flex Handle and Cross Bar

For speed and efficiency. A spinner handle, an offset handle and a Tee Handle that can be used at many angles.

No. H3721—10" Flex Handle—Ship. Wgt. 1 Lb. Ea.
List Price \$1.50

No. H3729—6" Cross Bar—Ship. Wgt. 4 Oz. Ea.
List Price \$0.15

No. H3710

Universal Joint

Will connect any $\frac{3}{8}$ " square drive handles and sockets for use in unusual places and at odd angles.

Shipping Weight 4 Oz. Ea.
List Price \$1.38

No. H3925—Reversible Ratchet

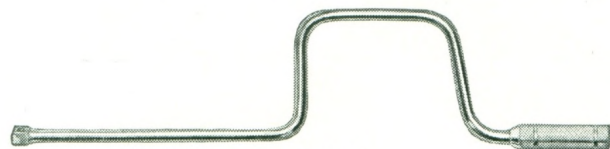

No. H4370—Standard Ratchet

Sturdily built with light effortless action, which can be instantly reversed by a slight thumb pressure. The standard ratchet is non-reversible and has removable plug.

No. H3925—Rev. Rat.—Ship. Wgt. $\frac{1}{2}$ Lb. Each.
List Price \$2.16

Husky CHROME ALLOY

STRAIGHT WALL SOCKET SETS

$\frac{3}{8}$ " SQUARE DRIVE

These Husky $\frac{3}{8}$ " Square Drive Wrench Sets meet a demand that has long existed among mechanics and repair men. The larger sets in the $\frac{1}{2}$ " square drive were too heavy and cumbersome for many jobs. With these light, but tough tools there is a distinct saving in time and parts. By using these specially designed tools it is easier to get at those nuts and bolts where there is a very limited working space. The sockets and parts of attachments subject to wear and strain, are made from S. A. E. analysis alloy steel, selected particularly to give each part the last word in toughness, strength and resistance to wear, and are finished in Triple Chromium Plate.

No. 2227

No. 2227—The small expense required for one of these sets will be more than offset by the saving in labor and parts. All sockets and tools are beautifully finished in Triple Chromium plate and are amply protected by a sturdy steel box— $16\frac{1}{4}$ " x 5" x $1\frac{1}{4}$ ", finished in a rich gray damaskene. There are 7—12 point sockets, $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". Three 8 point sockets, $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ", Universal Joint, Sliding Ell and Tee Handle. Three Socket Extensions 11", 6" and 3" long. A 16" Speeder, a 10" Flex Handle and Cross Bar, Reversible Ratchet and Ratchet Adapter.

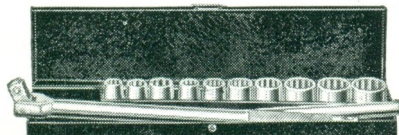

No. 2227—19 Piece Set—Shipping Weight $6\frac{1}{2}$ Lbs. Each
Packed 10 per Case—List Price \$11.00

No. 2228—Is the same as No. 2227 except that it has the Standard Ratchet and Adapter.

No. 2228—20 Piece Set—Packed 10 per Case
Shipping Weight $6\frac{1}{2}$ Lbs.—List Price \$10.70

No. 2234—Is the same as 2227 but without the 10" Flex Handle and Cross Bar.

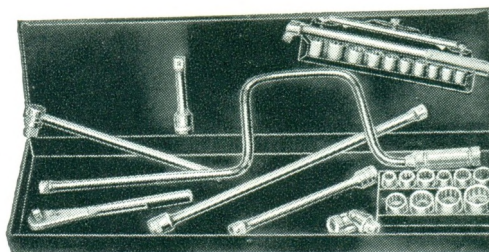

No. 2234—17 Piece Set—Shipping Weight $5\frac{1}{2}$ Lbs. Each
List Price \$9.50

No. 2229

A very popular $\frac{3}{8}$ " Square drive set that is the choice of many service and repair men, and a favorite with air men, because of their light weight, ease in handling and positive grip. There are Seven 12 point sockets $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". Three eight point sockets, $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ". With a 10" long Flex Handle and 6" Cross Bar. All triple chromium plated and packed in a Gray Damaskene finished steel box.

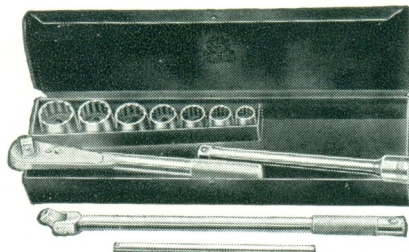

No. 2229—Packed 25 per Case—Shipping Weight 2 Lbs.
List Price \$4.10

No. 2231

No. 2231—The aeroplane and auto mechanic will appreciate the wide range of work that can be covered by the tools in this set. There are Seven—12 point sockets, $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". Three 8 point sockets, $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ". A Universal Joint, Sliding Ell and Tee Handle, Reversible Ratchet and Ratchet Adapter, Three Socket Extensions, 11", 6" and 3" long. All the above parts $\frac{3}{8}$ " square drive. And in addition there are Six 12 point sockets, $\frac{1}{4}$ ", $\frac{9}{32}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ " and $\frac{7}{16}$ ". Three 8 point sockets, $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ", with a six inch Flex Handle and 3" Cross Bar and a $\frac{1}{4}$ " square Ratchet Adapter. These additional parts are $\frac{1}{4}$ " square drive and are nested in a gray damaskene finished Display Case.

No. 2231—28 Piece Set—Shipping Weight $6\frac{1}{4}$ Lbs. Each
Packed 10 per Case—List Price \$11.80

No. 2232

No. 2232—A set particularly arranged for the Oil Burner and Electric Refrigerator service men. There are Seven 12 point sockets $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". a Reversible Ratchet, a 6" long Socket Extension, a 10" Flex Handle and 6" Cross Bar.

No. 2232—11 Piece Set—Shipping Weight 3 Lbs. Each
Packed 25 per Case—List Price \$5.80

No. 2233—Is the same as No. 2232 except that it has a standard Ratchet with $\frac{3}{8}$ " Square Adapter instead of a Reversible Ratchet and a 5" Extension Adapter.

CHROME ALLOY SOCKET DISPLAY

$\frac{1}{2}$ " SQUARE DRIVE

This is a compact attractively arranged stock that displays the beauty of design and finish of these sockets. Will attract favorable attention and make buying easy. These sockets represent the highest quality of workmanship and material. Made from S. A. E. analysis alloy steel, selected to give maximum toughness, strength and resistance to wear, and beautifully finished in triple chromium plate.

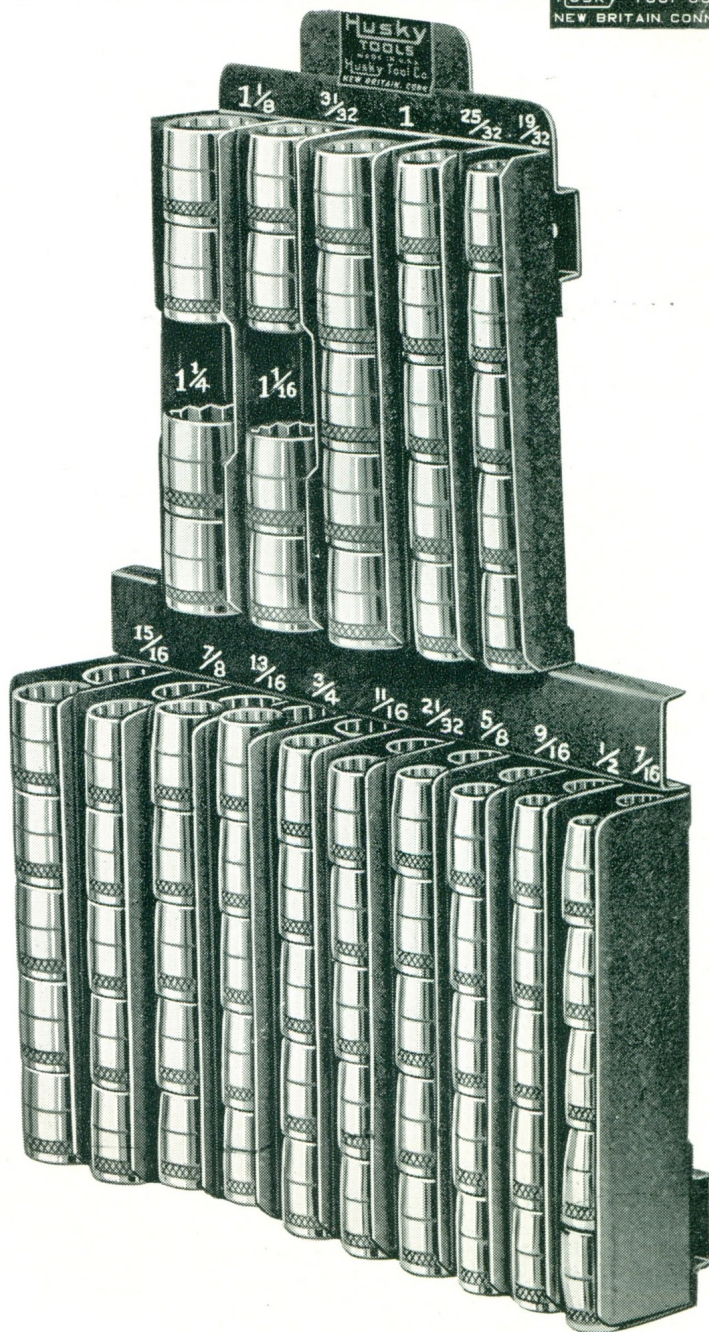

You pay for the sockets only. We furnish the display stand, which requires but little space as it is 12" wide by 18" high.

Only the quantities and sizes shown may be had with this display, but individual sockets may be purchased in any quantities.

¹ 10 m/m for A. C. Spark Plugs

² 10 m/m for Champion Spark Plugs

These extra deep sockets are essential to properly service late model cars and trucks. They measure 3 1/2" overall with a 3" inside depth. The side walls are straight and thin for clearance and the 12 point openings are accurate and deep, insuring positive grip on the nut. In many shops they are the required equipment for work on brake rod ends, shackle spring clips, body bolts, and all places where bolts projecting through the nuts make it impossible to use sockets of ordinary depth. They also provide the safe swift and sure way to handle spark plugs.

No. 2330

No. 2330—A set of five spark plug sockets packed in a fibre box. All these sockets have the keyless lock on feature that holds them firmly on the handle, yet allows them to be instantly removed.

No. 2330—5 Piece Set—Packed 25 to a Case
Shipping Weight 3 1/4 Lbs. Each—List Price \$4.66

Husky CHROME ALLOY

STANDARD TAPERED WALL SOCKET SETS

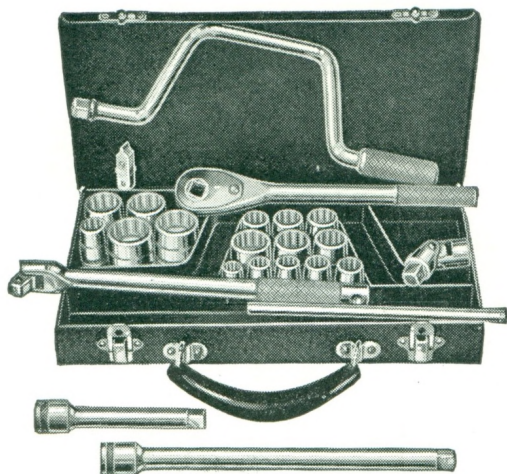

1/4" AND 1/2" SQUARE DRIVE

No. 2133

No. 2133—Is one of the greatest values in the Husky Chrome line. All of the twenty-seven pieces have been carefully selected for their practical value, and are so attractively arranged that they have a sales appeal hard to resist. It is a set that will be appreciated by both the experienced buyer and the practical mechanic. It contains 10—12 point sockets, 1/2", 9/16", 5/8", 3/4", 11/16", 7/8", 15/16", a 10" and a 5" Socket Extension, 10 1/2" Forged Ratchet and Ratchet Adapter, Sliding Ell and Tee Handle, and a Universal Joint, all 1/2" Square Standard Drive. These parts alone would be worth the price of this set, but in addition there is a complete 1/4" Square Drive Ignition or magneto set, consisting of 6—12 point sockets, 1/4", 3/8", 1/2", 5/8", 3/4", 7/8", 15/16", 3—8 point sockets, 1/4", 5/16", 3/8", 1/2", 5/8", a 6" Flex Handle and Cross Bar. This Ignition Set is packed in the popular open Display Case and nested with the 1/2" drive parts in a sturdy steel box 14 1/4" x 6" x 1 5/8", tastefully finished in Gray Damaskene. Against this gray background the bright Triple Chromium Plated tools make a striking appearance.

No. 2133—27 Piece Set—Shipping Weight 9 Lbs. Each
Packed 10 per Case—List Price \$11.00

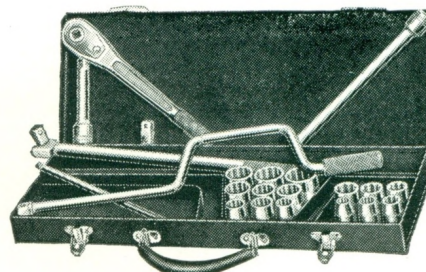

No. 2135

A 24 piece set of Husky Chrome Alloy Tapered Wall sockets and the necessary attachments to build up an efficient tool kit. One of the few sets of its size that have the Flex Handle, Ratchet and Speeder. These tools, with the sockets and other attachments make possible many wrench units of dependable quality that will give long and satisfactory service.

This set contains Sixteen 12 point sockets 7/16", 1/2", 9/16", 5/8", 3/4", 11/16", 7/8", 15/16", 31/32", 1", 1 1/16" and 1 1/8". A 10 1/2" long Standard Ratchet, Screw Driver Adapter, 12" Flex Handle with 8" Cross Bar, Short Speeder, Long and Short Socket Extensions and a Universal Joint. Finished in triple Chromium plate and packed in a Gray Damaskene finished steel box.

No. 2135—24 Piece Set—Packed 10 to a Case
Shipping Weight 11 Lbs. Each—List Price \$13.30

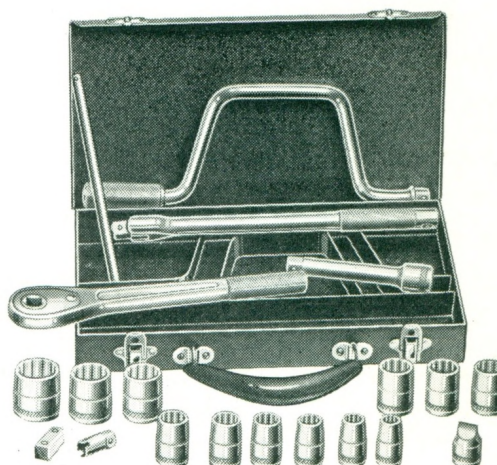

No. 2134

No. 2134—This is a 22 piece set for which those sockets and tools most frequently used have been selected. They are of the same high grade quality as all Husky Chrome sets in every detail of material and workmanship. There are twelve 12 point sockets, 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1 1/16" and 1 1/8". Three 8 point sockets 1/2", 9/16", 5/8", a 19" Long Speeder, 10" and 5" Socket Extensions, 15" Flex Handle and Cross Bar, 10 1/2" Forged Ratchet and Ratchet Adapter. All Standard 1/2" Square Drive. Finished in Triple Chromium Plate and packed in a heavy gauge steel box 19" x 7" x 1 5/8" with detachable leather handle. This box is attractively finished in Gray Damaskene with nickel plated hardware.

No. 2134—22 Piece Set—Shipping Weight 13 3/4 Lbs. Each

Packed 10 per Case—List Price \$12.50

No. 2157

A 20 piece set that has been arranged to give unusual value and service. A set for the mechanic whose requirements do not demand the larger assortments, but for one who wishes to lay a substantial foundation for a complete tool kit by adding other numbers as they may be required. This set will take care of an unusually wide range of work for the number of pieces it contains. The socket sizes are those most frequently required, and the attachments, those most essential, such as the Reversible Ratchet, which can be instantly reversed by a thumb lever, Flex Handle and Universal Joint.

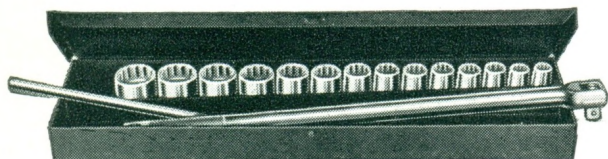

It contains Twelve—12 point sockets 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16" and 1". A 10 1/2" long Ratchet and Adapter. Short Speeder, 12" Flex Handle and Cross Bar, 6" Socket Extension, Alemite Socket and Universal Joint. All parts Triple chromium plated, and packed in a Gray Damaskene Steel Box.

No. 2157—21 Piece Set—Packed 10 to a Case
Shipping Weight 10 Lbs. Each—List Price \$10.80

Husky CHROME ALLOY

STANDARD TAPERED WALL SOCKET SETS

1/2" SQUARE DRIVE

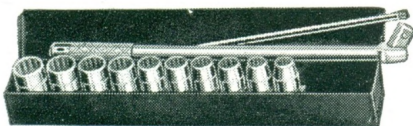

No. 2137

A 16 piece Spinner Set with an 18" handle. This handle is light enough to spin the nuts on and off by rolling it between the palms of the hands, long enough to give ample leverage for the tough jobs. Flexible enough to be used as a Tee Handle, an offset handle, and at many angles. With the wide range of socket sizes, this set will take care of many difficult jobs.

It contains Fourteen 12 point sockets $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{19}{32}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ ", 1", $1\frac{1}{16}$ " and $1\frac{1}{8}$ ", with an 18" Flex Handle and 8" Cross Bar. All parts Triple Chromium plated and packed in a Gray Damaskene finished steel box.

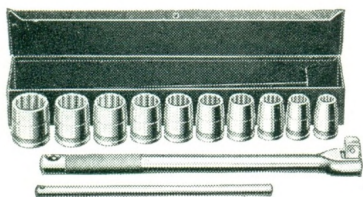

No. 2137—16 Piece Set—Packed 20 to a Case
Shipping Weight 9 Lbs. Each—List Price \$7.60

No. 2139

No. 2139—The popularity of this set is due to the universally recognized value of the 15" Flex Handle. It can be used as a spinner to spin on the nuts by rolling it between the palms of the hands, then can be swung to right angles for the tightening pull. The 15" length assures ample leverage for the stubborn nut, and it can be used just as effectively at practically any angle. By using the 8" Cross Bar it is instantly converted into a high grade Tee Handle. This Flex Handle and Cross Bar is packed in a strong steel box with 10—12 point sockets, $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{19}{32}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ " and $1\frac{1}{8}$ ". Sockets and Handle are 1/2" Square Standard Drive and are finished in Triple Chromium Plate. Box—15" x $2\frac{1}{4}$ " x $1\frac{5}{8}$ " finished in Gray Damaskene.

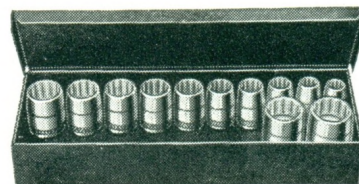

No. 2139—12 Piece Set—Shipping Weight 5 Lbs. Each
Packed 30 per Case—List Price \$5.40

No. 2147

Like No. 2139 this set has the popular Flex Tee Handle, only this one is 12" long making a set that takes up less room, but will do practically the same work. It contains ten 12 point sockets: $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ " and $1\frac{1}{8}$ ". A 12" Flex Handle and 6" Cross Bar. All 1/2" square standard drive and finished in triple chromium plate. Packed in covered steel box.

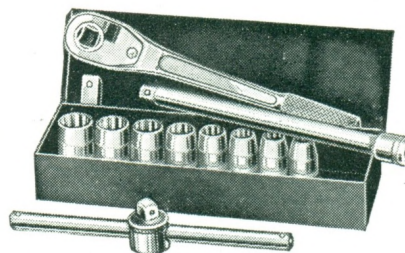

No. 2147—12 Piece Set—Shipping Weight $4\frac{1}{2}$ Lbs. Ea.
Packed 50 to a Case—List Price \$5.12

No. 2138

A 16 piece set that every auto service man should have. Speeds up the repair jobs as you have the needed tools at your finger tips. It contains Twelve, 12 point sockets $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{19}{32}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{21}{32}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ " and 1". A 10" and a 5" Socket Extension, 10 1/2" long standard Ratchet with Adapter.

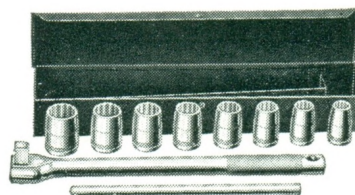

No. 2138—16 Piece Set—Packed 50 to a Case
Shipping Weight $6\frac{1}{2}$ Lbs. Each—List Price \$7.90

No. 2140

No. 2140—Is a set for the mechanic who is just starting his kit of Chrome Wrenches and requires the more popular sizes in sockets and the few tools necessary for their use. There are 8—12 point sockets, $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ " and $\frac{7}{8}$ ". A 10 1/2" Forged Ratchet and Ratchet Adapter, 10" Socket Extension, and a Sliding Ell and Tee Handle. All are 1/2" Square Standard drive finished in Triple Chromium plate and packed in a steel box 10 1/2" x $2\frac{1}{2}$ " x $1\frac{3}{4}$ ".

No. 2140—11 Piece Set—Shipping Weight 6 Lbs. Each
Packed 50 per Case—List Price \$6.30

No. 2148

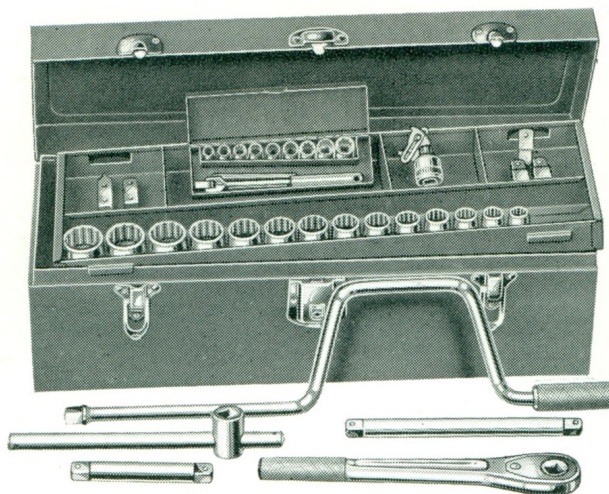

A set that will appeal to the car owner who is not satisfied with anything but the best. Requires but little space but will cover a wide range of work. It contains eight 12 point sockets, $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ " and $\frac{13}{16}$ " with a 12" Flex Handle and 6" Cross Bar. All 1/2" square standard drive, Triple Chromium plate and packed in a covered steel box.

No. 2148—10 Piece Set—Shipping Weight $4\frac{1}{2}$ Lbs. Each
Packed 50 to a Case—List Price \$4.60

Husky CHROME ALLOY

STANDARD TAPERED WALL SOCKET SETS

1/4" AND 1/2" SQUARE DRIVE

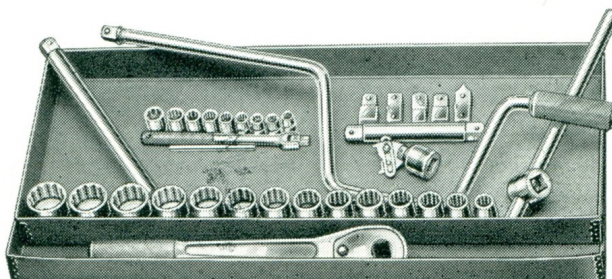

No. 2160

This will undoubtedly be one of the best selling wrench sets of the year as it has the quantity, quality and variety of parts, in both chrome alloy and carbon steels. A set of thirty six pieces, selected with care, make it possible for the mechanic to handle satisfactorily an astonishing number of jobs. The many complete tools that can be built up from the combinations of these parts are more than will be found in the average tool kit.

There are Fourteen 12 Point double hex broached chrome alloy sockets in the following sizes: $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{13}{32}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{25}{32}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ ", $\frac{31}{32}$ " and 1", a standard chrome alloy ratchet and adapter, screw driver adapter, 19" speeder, carbon slide tee handle, $7\frac{3}{4}$ " and $4\frac{1}{2}$ " adapters, valve grinder attachment, and three solid end drain plug sockets sizes: $\frac{7}{16}$ ", $\frac{9}{16}$ " and $\frac{5}{8}$ " and are all $\frac{1}{2}$ " square standard drive. There is also a complete $\frac{1}{4}$ " square drive chrome alloy Ignition Set made up of six 12 point sockets, $\frac{1}{4}$ ", $\frac{9}{32}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ " and $\frac{7}{16}$ ". Three 8 point double square sockets, $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ " with a 6" flex handle and 3" cross bar. This Ignition set is packed separately in a small steel covered box which is packed with the $\frac{1}{2}$ " square drive parts in a sturdy steel Tool Box 19" x 6" x 6 $\frac{1}{2}$ " equipped with lock and key.

Husky CHROME ALLOY

STANDARD TAPERED WALL SOCKET SETS

1/4" AND 1/2" SQUARE DRIVE

No. 2131T

This assortment of thirty-seven chrome alloy tools is one that has proven very popular with auto mechanics. This set has the added feature of a handy roomy tool box, and convenient carrying tray. There is ample room for the complete set and also those special tools that every mechanic has. If the job requires only a few tools these can be placed in the tray, or the entire outfit can be easily carried because of the comfortable leather handle with which the box is equipped. Finished in Gray Damaskene with nickel plated catches and padlock hasp. With this collection of sockets and attachments many combinations are possible, making complete wrenches that will take care of a wide range of work. All parts are carefully machined, heat treated and hardened and triple chromium plated. This set contains Fourteen 12 point sockets $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{19}{32}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ ", 1", $1\frac{1}{16}$ " and $1\frac{1}{8}$ ". Four 8 point sockets $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ " and $\frac{11}{16}$ ". One 10" long and one 5" long socket extension, a $10\frac{1}{2}$ " long standard Ratchet with short adapter, 15" flex handle and 8" Cross Bar, Slide Tee Handle and a 19" long speeder with $\frac{1}{2}$ " square drive. Also Six 12 point sockets $\frac{1}{4}$ ", $\frac{9}{32}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ " and $\frac{7}{16}$ ". Three 8 point sockets $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ". A 6" Flex Handle and 3" Cross Bar with $\frac{1}{4}$ " square drive. Tool Box 19" x $5\frac{1}{2}$ " x 6".

Husky CHROME ALLOY

STANDARD TAPERED WALL SOCKET SET

$\frac{1}{4}$ ", $\frac{3}{8}$ " AND $\frac{1}{2}$ " SQUARE DRIVE

No. 2127T

A fifty two piece set with tools in different size drives to fit a wide range of work. For a mechanic to do his best work at a minimum cost it is necessary to have tools that fit the job. If light tools are used on too heavy work the tools are very likely to suffer, causing a loss of time and money. If heavy tools are used on too light work, the parts are likely to suffer. And a few broken parts may cost more than the whole job is worth. This set offers the $\frac{1}{4}$ " square drive parts for light work, the $\frac{3}{8}$ " square drive parts for intermediate work and the $\frac{1}{2}$ " square drive for the heavier work. There are sockets in sizes from $\frac{1}{4}$ " to $1\frac{1}{8}$ " and all of the necessary handles. All parts carefully machined, heat treated and hardened and triple chromium plated. Packed in a convenient hip roofed tool box with a handy carrying tray. This box is finished in a rich Gray Damaskene and provided with a leather carrying handle, and measures 19" x 5 $\frac{1}{2}$ " x 6".

CONTENTS

$\frac{1}{4}$ " SQUARE DRIVE

Six 12 point sockets $\frac{1}{4}$ ", $\frac{9}{32}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ " and $\frac{7}{16}$ ". Three 8 point sockets $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ". A 6" Flex Handle and 3" Cross Bar. All packed in Individual Metal Box.

$\frac{3}{8}$ " SQUARE DRIVE

Eight 12 point sockets $\frac{5}{16}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". Three 8 point sockets $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ". A 10" Flex Handle with 6" Cross Bar, Standard Ratchet, $\frac{3}{8}$ " Square Adapter, 1" long and $\frac{1}{4}$ " to $\frac{3}{8}$ " Adapter.

$\frac{1}{2}$ " SQUARE DRIVE

Fourteen 12 point sockets $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{11}{16}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ ", 1", 1 $\frac{1}{16}$ " and 1 $\frac{1}{8}$ ". Four 8 point sockets $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ " and $\frac{11}{16}$ ". A 10 $\frac{1}{2}$ " long Reversible Ratchet, 15" Flex Handle with 8" Cross Bar, 10" and 5" Socket Extensions, 10" Slide Tee Handle and a 19" Long Speeder.

No. 2127T—52 Piece Set—Packed 4 to a Carton—Shipping Weight 26 Lbs. Each—List Price \$25.20

No. 2128T—40 Piece Set in 19" Tool Box with Tote Tray, leather carrying handle, and equipped with padlock hasp. It contains 15 $\frac{3}{8}$ " square drive parts made up of eight 12 point sockets: $\frac{5}{16}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". Three 8 point sockets $\frac{1}{4}$ ", $\frac{5}{16}$ " and $\frac{3}{8}$ ", a 10" Flex Handle with 6" Cross Bar, Standard Ratchet and $\frac{3}{8}$ " Square Adapter 1" long. Twenty five $\frac{1}{2}$ " square drive parts, made up of 14 twelve point sockets $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{11}{16}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ ", 1", 1 $\frac{1}{16}$ " and 1 $\frac{1}{8}$ ". Four 8 point sockets $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ " and $\frac{11}{16}$ ". Reversible Ratchet, 15" Flex Handle with 8" Cross Bar, 10" and 5" Socket Extension, 10" Slide Tee Handle and a 19" long Speeder.

Husky CHROME ALLOY

STANDARD TAPERED WALL SOCKET DISPLAY SETS

$\frac{1}{4}$ ", $\frac{3}{8}$ " and $\frac{1}{2}$ " SQUARE DRIVE

The Husky Display Container in which these sets are packed is the answer to the question of how best to display a wrench set. Each of the different units that goes to make up the set is clearly shown, even the socket sizes may be checked without removing a single item from the container. Yet all parts are securely locked in. One of these sets placed on the counter will attract more attention than the ordinary show card and takes up less room. There are very few customers who are at all interested in tools who will not stop to look it over. It can be examined closely and handled freely without danger of pilferage as all parts are firmly locked in. Upon closer examination the masterly workmanship and rich chromium finish of the Husky tools will do the rest, and another sale has been made. All of the units are packed in a simple layer, so that the entire set is but slightly thicker than the largest socket. Even the largest sets are therefore so thin that they will readily slip into any car pocket, or if they are to be kept in the garage there are holes provided in the case so that it can be fastened to the wall where it can always be found. When required for use just loosen the thumb screws and take out the handle, the sockets then rest in an open tray from which the desired size may be selected without confusion or search. The cases for these Chrome sets have a rich gray damaskene finish which forms a striking background for the brilliant chromium plated tools, making an attention commanding display.

No. 2141D

No. 2141D is one of the best selling Chrome wrench sets on the market. It contains a 15" long Flex Handle with an 8" Cross Bar and 10—12 point Sockets, $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{11}{16}$ ", $\frac{5}{8}$ ", $\frac{31}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", and $\frac{15}{16}$ ", all $\frac{1}{2}$ " Square Standard drive and all finished in Triple Chromium Plate, with Display Case finished in gray damaskene.

No. 2141D—12 Piece Set—Shipping Weight $4\frac{3}{4}$ Lbs. Each—Packed 25 per Case—List Price \$5.36

No. 2142D

No. 2142D—This set can be sold at an amazingly low price for a high quality chrome set. There are 10—12 point sockets, Sizes: $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{11}{16}$ ", $\frac{5}{8}$ ", $\frac{31}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{13}{16}$ " with a 12" Long Flex Handle, all $\frac{1}{2}$ " Square Standard drive and all of the regular Husky standard quality and finish, packed in gray damaskene display case.

The sale of individual sockets and handles is a very substantial part of the business done with the $\frac{3}{4}$ " square Drive Heavy Duty Chrome alloy tools. These sales will be greatly increased by the use of this Display. It contains a full line of sockets in sizes from $\frac{7}{8}$ " to 2 $\frac{3}{16}$ ", together with the essential handles. The board is beautifully finished in a rich Gray, which makes a splendid background for the triple Chromium plated tools. A display that cannot be overlooked. Individual parts may be purchased in any quantities to replenish the stock. You purchase the parts only, paying the regular price; we furnish the Display Board. Only the assortment shown above can be supplied when ordering one of these boards. Size 32 $\frac{3}{4}$ " x 18 $\frac{3}{4}$ ".

12 PIECE HEAVY DUTY SET

A twelve piece Heavy Duty Set for work in railroad shops and yards, industrial plants, around busses and trucks, and wherever large size bolts and nuts are used. This set has a 19" Flex handle built to take those large tough jobs that require an extra powerful leverage to break loose. With the cross bar and sockets, ten heavy Tee Handles can be made. The lock on feature removes all danger of the sockets working loose. There are in this set ten 12 point sockets, $1\frac{1}{16}$ ", $1\frac{1}{8}$ ", $1\frac{1}{4}$ ", $1\frac{3}{8}$ ", $1\frac{7}{16}$ ", $1\frac{1}{2}$ ", $1\frac{5}{8}$ ", $1\frac{3}{4}$ ", $1\frac{13}{16}$ ", and $1\frac{7}{8}$ ". A 19" Flex Handle and Cross Bar. All with triple chromium finish and packed in a heavy steel Gray damaskene finished box with nickel catches and padlock hasp and a leather carrying handle.

HEAVY DUTY FLEX HANDLE
Nos. H4147-H4148

Combining the strength required for Heavy Duty work with the flexibility of lighter tools. A length of 19" to provide ample leverage. It can be used as an offset Ell Handle as a regulation Tee Handle with the Cross Bar, as a spinner handle, or at various angles. Made from Chrome Alloy steel, properly heat treated, and triple chromium finished.

No. H4147—Packed 12 to a Carton—Shipping Wgt. Ea. 4 1/2 Lbs.
List Price \$5.16

No. H4138

Heavy Duty Slide Tee Handle may be used as an offset handle and in combination with the Socket Extension as a Tee Handle, and many other possible combinations with the Heavy Duty sockets and fittings that will reach those difficult places. It is 18" long and built for hard service.

No. H4138—Packed 12 to a Carton—Shipping Wgt. Ea. 3 1/2 Lbs.
List Price \$2.28

Cross Bar No. H4148

A 12" Cross Bar is provided for use with Flex Handle No. H4147.

No. H4148—Packed 12 to a Carton—Shipping Wgt. Ea. 14 Oz.
List Price \$1.02

No. H4130

The 8" Socket Extension will fit the desired combination on some jobs better than the longer one. Like all the Heavy Duty Sockets and Fittings, shown on this page, it is accurately machined, heat treated, and finished in Triple Chromium Plate.

No. H4130—Packed 12 to a Carton—Ship. Wgt. Ea. 1 Lb. 3 Oz.
List Price \$1.56

No. H4134

The 16" Socket Extension is an essential part of a Heavy Duty Tool Kit. In combination with the Sliding Tee Handle or Flex Handle, many complete tools may be built up for particular jobs that would otherwise require expensive special tools.

No. H4134—Packed 12 to a Carton—Shipping Wgt. Ea. 2 Lbs.
List Price \$1.86

Husky

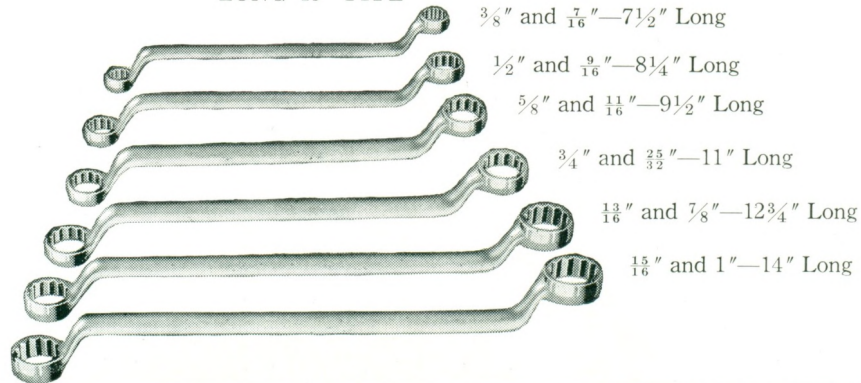

CHROME MOLYBDENUM 12 POINT BOX END WRENCHES

Drop Forged from Chrome Molybdenum Steel, with 12 Pt. openings and comfortably shaped handle for work in close quarters. Both ends offset, thin head walls permit use where clearance is limited. Light in weight, but they have the exceptional strength made possible by the use of this alloy steel. These wrenches are ideal for use on connecting rods, main bearings, cylinder head, spring clips, and in awkward places. Can be supplied individually in standard packages.

Husky DROP FORGED CHROME ALLOY WRENCHES

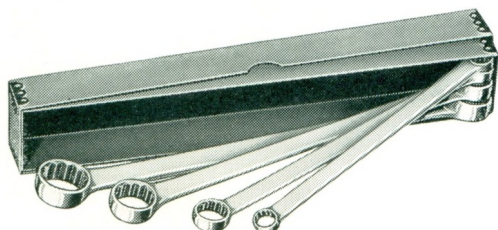

TRIPLE CHROMIUM PLATE, POLISHED ENDS

LONG 10° ANGLE TYPE BOX END WRENCHES

A perfectly balanced wrench with straight handle which allows them to be used in many corners where an offset would be awkward. The 10 degree angle head provides handle clearance. Different size openings in each head makes each wrench do double duty.

Number	Size	Length	SAE	USS Nuts	USS Cap Screw	List Price

No. 2332

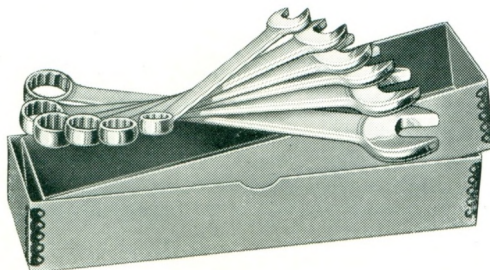

Like all good tools these wrenches are easy to use. There is sufficient knuckle clearance due to the offset heads, and yet you have the same accessibility as with a straight wrench. They will not tip or slip off when pressure is applied. There are different 12 point openings in each head and the thin side walls allow their use in tight places. Finished in rich chromium plate with polished heads.

No. 2332—SET OF 4—IN CARTON—STANDARD PACKAGE 25—SHIPPING WEIGHT EACH 2 LBS.—LIST PRICE \$2.76

Husky IGNITION SOCKET WRENCH SETS

$\frac{1}{4}$ " HEX DRIVE

Ignition Sets that will satisfactorily do the work of sets that cost three or four times as much. The sockets are just the right sizes for those delicate adjustments on Magnetos, Timers, Generators, Wiring Connections, Carburetors, Radios, etc. An adapter to which sockets may be attached, a $\frac{1}{4}$ " hex extension and ell handle make a very complete Ignition set. Steel parts are bright cadmium finished and packed in a hinged cover metal box in gray enamel.

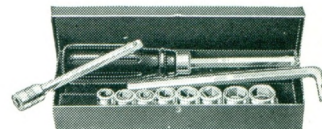

No. 2705

7 Piece Set $\frac{1}{4}$ " Hex Drive

An Ignition or radio set for every repair kit. Can be used as a spinner set as the sockets fit snugly on the adapter. It contains Five hex sockets $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ " and $\frac{1}{2}$ ". An Internal Knurled Socket, a Screw Driver Socket and a $7\frac{1}{2}$ " Wood Handle. All bright cadmium finished and packed in a cardboard box.

Packed 50 per Case—Shipping Weight 5 Oz. Each
List Price \$0.50

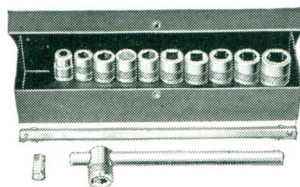

No. 2703

11 Piece Set $\frac{1}{4}$ " Hex Drive

This set may save more than its cost on a single job, because the tools are small enough to avoid broken parts. The little jobs that usually cost more than they are worth can be handled with this set at a profit. It contains Five Hex Sockets $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ " and $\frac{1}{2}$ ". One Internal Knurled Socket. Two Square Sockets $\frac{1}{4}$ " and $\frac{5}{16}$ ". A Wood Handle Screw Driver Adapter 6" long— $4\frac{3}{4}$ " long Ell Handle and a $3\frac{3}{4}$ " Socket Extension. All bright cadmium finished and packed in a steel box.

Packed 50 per Case—Shipping Weight 1 Lb. Each
List Price \$0.92

No. 2704

A 13 piece $\frac{1}{4}$ " hex drive set that should be in the tool box of every home or car owner. There are hundreds of little jobs that can be taken care of by the possible combinations in this set. It contains Seven Hex Sockets $\frac{3}{16}$ ", $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ " and $\frac{1}{2}$ ". Two Square sockets $\frac{1}{4}$ " and $\frac{5}{16}$ ". One Internal Knurled Socket. A Slide Tee Handle, a 6" Adapter and a $\frac{3}{4}$ " long adapter. All $\frac{1}{4}$ " Hex drive and bright cadmium plated. Packed in a steel box.

No. 2704—Packed 50 per Carton—Shipping Weight 1 Lb. Each
List Price \$1.10

No. 2702

Ignition Set

Hexagon Broached Sockets

A splendid little addition to any socket set. Inexpensive, but a time and money saver. There are Seven heat treated hexagon broached Midget sockets, strung on a 5" long Ell Handle. All $\frac{1}{4}$ " hex drive, and all bright cadmium finished. Sizes $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ " and an Internal Knurled socket.

No. 2702—8 Piece Set—Shipping Weight $\frac{1}{4}$ Lb. Each
Standard Package 100—List Price \$0.32

No. 2701

A Midget set that is rapidly coming to the front as one of our best selling numbers. The time and labor saving sockets and Ell handle attractively packed in a real Container. There are Seven heat treated hexagon sockets $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ " and an Internal Knurled socket, locked in the steel container with the Ell Handle. Sockets and handle bright cadmium plated. Container gray enamel finish.

No. 2701—8 Piece Set—Shipping Weight $\frac{1}{4}$ Lb. Each
Standard Package 100—List Price \$0.34

Husky SPINNER WRENCHES

There are millions of little nuts everywhere, on the automobile, in the home, in the electrical shop, in the Radio Shop, in the Industrial Plant. They can only be handled with unusually small sockets. For these delicate adjustments the Husky Spinner Wrenches give the most perfect satisfaction. Built like a screw driver with hexagon sockets on the end that will grip the nut firmly.

The shanks are made from $\frac{1}{4}$ " hexagon rod and can be gripped with a wrench or pliers if necessary to loosen a tough nut. The end of the shank is hollow so the socket will reach down over the screw and grip the nut.

Supplied in eleven sizes from $\frac{3}{16}$ " to $1\frac{5}{8}$ " and also an internal knurled socket, graduated in size to take care of knurled nuts without distorting them. Any size may be had in either a six or nine inch straight length or in bent handle style as shown. A wood handle with black rubberoid finish, and a bright cadmium finish on the shank and sockets make the Husky Spinner Wrench as attractive as it is practical.

Husky CARBON SOCKET WRENCHES

$\frac{3}{8}$ " HEX DRIVE

The Husky Wrenches $\frac{3}{8}$ " Hex Drive have been added to this line in the interest of both efficiency and economy. For efficient service it is essential that the tools fit the job. Delicate work on small parts can be performed far more easily and satisfactorily if tools that correspond with the size of the work are used. The use of larger and heavier tools will often cause breakage or distortion of parts that will cost more than would a complete set of these tools. No matter how complete a set of larger wrenches a mechanic may have, he will find it real economy to add one of these sets to his tool kit. The same careful selection of materials and accurate workmanship that is found in all Husky Wrenches, is maintained in these tools. They are heat treated and hardened, tempered to give maximum service and strength, and finished in bright cadmium.

No. 2651

No. 2651—13 Piece Husky Set to meet the demand of the man who does his own minor repair work, around the house and the car. There are sockets ranging from $\frac{9}{32}$ " to $\frac{5}{8}$ ", and a full equipment of attachments. Husky SOCKET WRENCH SETS

The sets shown on this page are practical and popular assortments of sockets and tools packed in new Display Containers. All the parts are securely locked in the container, and yet are open to the most careful inspection. An attractive display for any counter, more effective than a display card. The sockets and handles are arranged so that the set is but slightly thicker than the diameter of the largest socket and will fit readily into car pocket or tool box, or it can be easily attached to the garage wall.

No. 2556

This unusually attractive and complete set is establishing a record for sales. The unique package and the wide range of socket sizes, from $\frac{1}{4}$ " to $\frac{15}{16}$ " are appreciated by car owners and mechanics. The $\frac{1}{2}$ " hex drive sockets are the Husky Machinists Type which are extra deep. The set contains 8 of these, 12 point broached to accurate size and heat treated. The sizes are $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{7}{8}$ " and $\frac{15}{16}$ ". There is an Ell Handle, Ratchet and Screw Driver Adapter, all $\frac{1}{2}$ " hex drive. In addition there are Seven Midget sockets, $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ " and an internal knurled socket, with a 5" long Ell Handle which have a $\frac{1}{4}$ " hex drive. All parts bright cadmium finished, and securely packed in a gray enamel steel Display Container.

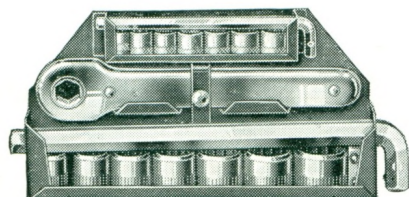

No. 2556—19 Piece Set—Shipping Weight $3\frac{1}{2}$ Lbs. Each
Standard Package 50—List Price **\$1.96**

No. 2557

This set also has the double attraction of a complete $\frac{1}{2}$ " hex drive assortment of sockets and tools and the time and labor saving Midget outfit, covering a wide range of work more easily and effectively. There are Eight 12 point heat treated sockets, $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{7}{8}$ " and $\frac{15}{16}$ ". A Ratchet and Screw Driver Adapter and an Ell Handle. All $\frac{1}{2}$ " Hex Drive. There are also Seven Midget sockets $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ " and an Internal knurled socket, with a 5" long Ell Handle. These have a $\frac{1}{4}$ " hex drive. All sockets and parts have a bright Cadmium finish and are securely packed in a gray enameled steel Display Container.

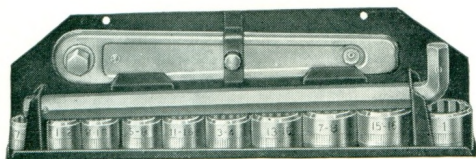

No. 2557—19 Piece Set—Shipping Weight $3\frac{1}{2}$ Lbs. Each
Standard Package 50—List Price **\$1.76**

No. 2557A

The convenience and utility of the double feature sets Nos. 2556 and 2557 are maintained in this one, with an added feature of a lower price. A number that will help many dealers to increase their tool sales during the coming season. It is made up of Seven $\frac{1}{2}$ " Hex Drive sockets, Sizes: $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ " and $\frac{13}{16}$ ". Ratchet and Adapter and an $8\frac{1}{2}$ " Ell Handle, also Seven $\frac{1}{4}$ " Hex Drive Ignition Sockets, Sizes: $\frac{1}{4}$ ", $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ " and an Internal Knurled socket with a $4\frac{3}{4}$ " Ell Handle. All parts cadmium plated, packed in gray enamel steel display container.

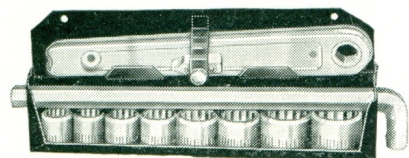

No. 2557A—18 Piece Set—Shipping Weight 3 Lbs. Each
Standard Package 50—List Price **\$1.70**

No. 2558

They like this set because of the number of sockets, and the attraction of the Display Container. There are Ten—12 point heat treated sockets, $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ " all accurately broached to size. A 10" long Ell Handle and an 8" long Ratchet and adapter. All the parts are $\frac{1}{2}$ " hex drive and all are rust proofed with a bright cadmium finish. Packed in the popular Display Case.

No. 2558—13 Piece Set—Shipping Weight Each 3 Lbs.
Standard Package 50—List Price **\$1.60**

No. 25

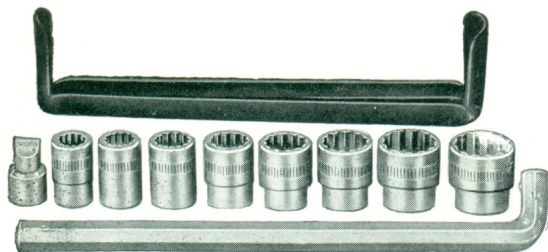

An eight socket set with a ratchet handle has always been a popular number. To this has been added all the attractive appearance of the Display Container. When the Ell Handle is withdrawn the sockets are in an open tray from which the desired size may be readily selected. This set is made up of 8—12 point heat treated sockets, $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{7}{8}$ " and $\frac{15}{16}$ ", an Ell Handle, a Ratchet and Screw Driver Adapter. All parts $\frac{1}{2}$ " hex drive, and all bright cadmium finished. Packed in a gray enameled finished Display Container.

No. 2559—11 Piece Set—Shipping Weight $2\frac{1}{2}$ Lbs. Each
Standard Package 50—List Price **\$1.40**

Husky RATCHETS AND BICYCLE WRENCHES

ILLUSTRATION	Catalog Number	DESCRIPTION	Std. Pkg.	Sh. Wt. Per Dz.	List Price
<p>RATCHET HANDLES</p> 	H1066	<p>This ratchet is well and favorably known wherever Socket Wrenches are sold. It is a valued addition to many a car owner set. A time and labor saving tool. The ratchet wheel and pawl are hardened to give long and satisfactory service. It is 8" long with 1/2" hex drive. Formed to fit the hand comfortably and attractively finished in bright cadmium.</p>	12	11	.40
	H1389	<p>Many prefer this ratchet because of its exceptionally free action. There are no stiff springs to fight against. The smooth pressed steel handle is easy on the hands. The ratchet wheel and pawl will wear indefinitely as they are carefully hardened. It is 7" long with 1/2" hex drive. Bright cadmium finish.</p>	12	11	.40
	H1409	<p>This Open Type Ratchet has a free and positive action. Is well constructed from accurate stampings and well machined parts. Ratchet wheel and pawl hardened to give long service. Finished in bright cadmium and has a 1/2" hex drive. The 7 1/4" length gives a good hand hold.</p>	12	11	.36
<p>BICYCLE WRENCH</p> 	2768	<p>Made from heavy gauge steel stampings accurately assembled to give long and satisfactory service. The movable jaw is operated by a knurled thumb nut and the opening can be instantly adjusted. Takes up but little space and is rustproofed by a bright cadmium finish.</p>	12	6	.20
<p>OFFSET END BICYCLE WRENCH</p> 	2769	<p>The offset Head on this wrench makes it possible to work freely where the ordinary type wrench would be at a disadvantage. It is carefully constructed from accurate heavy gauge steel stampings, and is operated freely by a knurled thumb nut. Finished in a rust resisting bright cadmium plate.</p>	12	6	.21

Husky STAMPED CARBON STEEL WRENCHES

No. 2752 Box End Wrench Set

A set of offset box end wrenches made from high grade steel, hardened and tempered to withstand wear. There are six double end wrenches with twelve different size 12 point broached openings, making twelve practical wrenches at the price you would ordinarily pay for one. The sizes are $\frac{3}{8}$ " and $\frac{7}{16}$ ", $\frac{1}{2}$ " and $\frac{9}{16}$ ", $\frac{5}{8}$ " and $\frac{11}{16}$ ", $\frac{3}{4}$ " and $\frac{25}{32}$ ", $\frac{13}{16}$ " and $\frac{7}{8}$ ", $\frac{15}{16}$ " and 1". Nested with stud and wing nut, and finished in bright cadmium.

No. 2752—6 Piece Set—Shipping Weight $1\frac{1}{4}$ Lbs. Each
Standard Package 50—List Price **\$0.54**

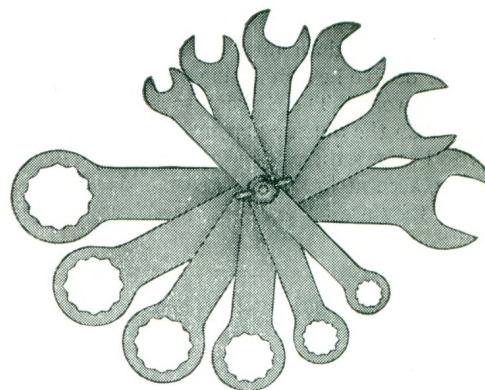

No. 2754—Set of 4 No. H2561 to H2564

Husky CARBON SOCKETS

1/2" SQUARE DRIVE

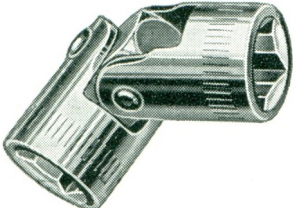

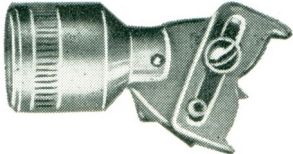

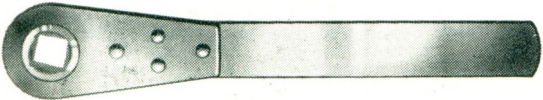

The Carbon Sockets are made from special analysis selected steel, accurately machined to size and carefully heat treated to give them the maximum of durability and strain resistance. Ruggedly built to withstand rough and constant use. The 23 sizes with the twelve point or double hex broaching and the 10 sizes with the 8 point broaching have been selected to take care of any automotive or industrial plant work. The 8 point sockets will also take care of any adjustments or repairs to agricultural machinery. A thirty degree chamfer on the outside and inside of the rim allows the socket to slip over the nut or bolt head easily. To take care of hollow head plugs and screws there are six sizes of the Husky Special Solid End Drain Plug sockets, of unique construction, for convenience and durability, accurately milled to size, ends and edges chamfered to more readily enter openings. Individual sockets may be added to your set as they are all made for a 1/2" standard drive. The rust resisting bright cadmium finish adds much to their appearance and durability.

Husky CARBON ATTACHMENTS

All of these attachments are made from special analysis selected steel. All have a $\frac{1}{2}$ " square standard drive and are finished in bright cadmium.

$\frac{1}{2}$ " SQUARE DRIVE

ILLUSTRATION	Catalog Number	DESCRIPTION	Std. Pkg.	Sh. Wt. Per Dz.	List Price
 Alemite Fitting Socket	H2675C	One End milled to $\frac{1}{2}$ " Sq. and equipped with friction ball and spring. The other end has an opening with slotted sides accurately machined to take any alemite fitting.	12	1	.20
 Drag Link Socket	H2640C	An inexpensive labor saving accessory for Drag Link also fits slotted nuts on automobile and truck steering assembly housing. One end broached for a standard $\frac{1}{2}$ " Square handle or adapter. The other end formed into a drive blade $\frac{9}{16}$ " wide.	12	1 $\frac{3}{4}$.22
 Universal Joint	H3590	$\frac{11}{16}$ " in Diameter by $2\frac{3}{8}$ " long. The two socket sections are broached for $\frac{1}{2}$ " Sq. standard handle or adapter. These are attached by a large strong block and heavy duty pins, allowing free movement in a wide arc. With this attachment regular tools may be used at many angles.	12	5	.50
 Valve Grinder Attachment	H2636	One end broached $\frac{1}{2}$ " Sq. At the other end is attached three hardened steel adjustable blades with two adjusting screws. These form a universal valve grinding attachment that can be used on any size or type of valve.	12	2 $\frac{1}{4}$.24
 Ell Handle	H2674	$\frac{5}{8}$ " Rd. x $7\frac{3}{4}$ " long. Both ends milled to $\frac{1}{2}$ " Sq. and equipped with friction balls and springs. A deep Ell Bend $1\frac{1}{2}$ " on the inside allows for ample knuckle room. Sturdy enough for the heaviest job.	12	9 $\frac{1}{2}$.30
 Long Extension	H2649	$\frac{5}{8}$ " Rd. x $7\frac{3}{4}$ " long. Both ends milled to $\frac{1}{2}$ " Sq. and equipped with friction balls and springs.	12	8	.26
	H3101	Same as H2649 except that it is $4\frac{1}{2}$ " long.	12	6	.20
 Short Adapter	H2648	$\frac{1}{2}$ " Sq. x $1\frac{1}{4}$ " long. Equipped with friction ball and spring on either end. Ends are chamfered to more readily enter handle and socket openings.	12	1 $\frac{1}{4}$.14
	H4333C	$\frac{1}{2}$ " Sq. x $1\frac{1}{4}$ " long Screw Driver Adapter.	12	1 $\frac{1}{4}$.25
 Ratchet Handle	H2654	The ratchet handle is one of the most essential socket set accessories, and one that most frequently betrays the confidence of the mechanic. Realizing this we have developed a ratchet that is strong, sturdy and dependable. Made with a solid steel handle and specially heat treated ratchet and pawl, it is 9" long and has a standard $\frac{1}{2}$ " square opening.	12	12	.54

Husky

KNOCKOUT TYPE WHEEL PULLERS

These Wheel Pullers provide a quick convenient method for loosing wheel hubs without damage to axles. They are made from special analysis steel, carefully and accurately machined to fit and heat treated and hardened. A vent is provided so as to avoid trapping of air, oil, or grease on the end of the axle, thus forming a cushion which would prevent the proper operation of the Wheel Puller. Packed in individual boxes.

HUSKY KNOCKOUT TYPE WHEEL PULLER DISPLAY ASSORTMENT

No. H4588

After a very careful check of the sales of this type Wheel Puller, we have arranged a Display package with the assortment of sizes, in quantities that will give you a balanced stock. The size of this stock will be determined by the number of these packages you require. Inside the cover of this Display will be found a chart showing the size Wheel Puller required for the different makes and models of cars and trucks. This Assortment is packed in a gray damaskene finished steel box which forms a very attractive counter display. Individual wheel pullers may be purchased in any quantities to enable you to keep your stock at the desired level.

Husky CARBON SOCKET SETS

1/2" SQUARE DRIVE

FOR ALL LATER MODEL FORD CARS

This set contains the correct and necessary sizes of sockets for work on the later models of Ford Cars. In addition it has the required accessories for a complete tool kit, including the Sliding Ell and Tee Handle. This is a tool of many purposes, saving the cost of a number of individual wrenches and doing the work better. This tool gives this set a wide range of service that covers many phases of repair work. There are 14—12 point sockets, 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16" and 1 1/8". 3—8 point sockets, 3/8", 7/16" and 1/2"—A Drag Link Socket, a Ratchet and Adapter, Sliding Ell and Tee Handle and a pair of drop forged steel pliers. All sockets and handles are accurately machined from special analysis selected steel, heat treated and hardened, and bright cadmium finished. All have the 1/2" square standard drive and are packed in a heavy gauge steel box 9 3/4" x 4 1/4" x 1 1/4".

No. 2465—22 Piece Set—Shipping Weight 7 Lbs. Each

Standard Package 25—List Price \$3.66

No. 2465

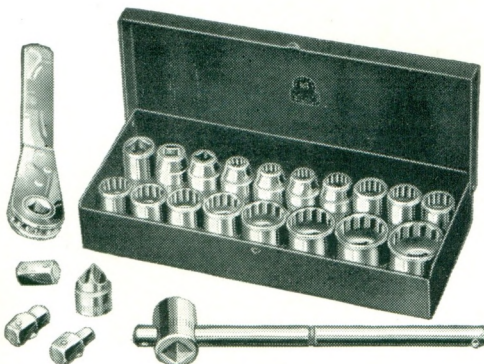

No. 2466—Is a convenient compact set, small enough to be carried in the car, but large enough to care for many difficult jobs. The sockets and tools are made from special analysis steel, carefully machined and finished in bright cadmium. There are 14—12 point sockets, 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16" and 1 1/8". Three 8 point sockets, 3/8", 7/16" and 1/2"—Ratchet and Adapter, Long Extension, and Ell Handle. All 1/2" Square standard drive and packed in a sturdy steel box 9 3/4" x 4 1/4" x 1 1/4".

No. 2466—22 Piece Set—Shipping Weight 7 Lbs. Each—Standard Package 25—List Price \$3.44

HUSKY CARBON SOCKET SETS FOR CHEVROLET AND PLYMOUTH CARS

This set is particularly designed for emergency repairs on Chevrolet and Plymouth Cars, although the socket sizes selected will take care of work on many other makes as well. The slight investment required will be repaid many times even though it is only used occasionally. There is an unusually wide range of socket sizes for a set of this size. This means an equally wide range of jobs can be done with these tools. The limited space required in the tool box or car gives it an added value. All of the parts are carefully machined to size, from selected steel and rust proofed with a bright cadmium finish. All 1/2" square Standard Drive. There are 15—12 point sockets, 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", 1", 1 1/16" and 1 1/8". 3—8 point sockets—3/8", 7/16" and 1/2". Two solid end Drain Plug Sockets 5/16" and 7/16". A Drag Link Socket, Ratchet and Adapter and Sliding Ell and Tee Handle. All packed in a heavy gauge steel box 9 3/4" x 4 1/4" x 1 1/4".

No. 2467—24 Piece Set—Shipping Weight 8 Lbs. Each—Standard Package 25—List Price \$3.80

No. 2468—A 17 Piece Set of essential sockets and attachments that will take care of a wide range of work. It is particularly attractive because of the extremely low price. There are twelve 12 point sockets 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", and 1 1/8". A Ratchet and Adapter, Long Extension, Slide Tee Handle and Drag Link Socket. All 1/2" square standard drive, bright Cadmium finish and packed in a covered steel box 9 3/4" x 4 1/4" x 1 1/4".

No. 2468—17 Piece Set in Steel Box—Shipping Weight 7 Lbs. Each—Standard Package 25—List Price \$2.98

Husky CARBON SOCKET SETS

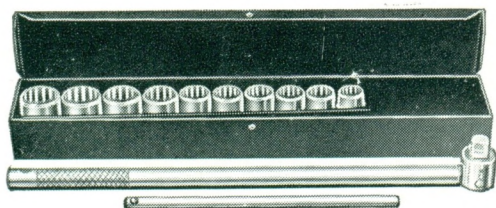

1/2" SQUARE DRIVE

No. 2469

A 12 piece Husky carbon set in the Display Container. All parts of the set are clearly visible, yet are securely locked in. Can be handled and inspected freely without disturbing the arrangement. By loosening the thumb screws, the handle may be withdrawn, and the sockets rest in an open tray from which the desired size can be readily selected. The Display Container is provided with screw holes so that it can be easily fastened to the wall. The 15" flex handle is one of our most efficient tools. It spins on the nuts and then with a single motion swings to right angles for the tightening pull. The length assures ample leverage. This set contains Ten 12 point sockets carefully machined to size, heat treated and hardened. Sizes: 1/2", 9/16", 5/8", 11/16", 3/4", 7/8", 15/16", 1", 1 1/8" and 1 1/4". A 15" Flex handle and 8" Cross Bar. Handle and sockets Bright Cadmium Finish and are 1/2" square standard drive.

No. 2469—12 Piece Set—Shipping Weight 4 3/4 Lbs. Each—Standard Package 25—List Price \$2.58

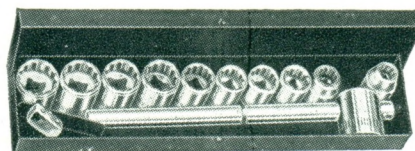

No. 2470

No. 2470—This set is exactly the same as No. 2469 except that it is packed in a covered steel box 14 1/2" x 2 1/2" x 1 1/2" instead of in a Display Container. It has all the advantages of the efficient 15" Flex Handle and the selected socket sizes. Because of the 1/2" square standard drive it can be used with any other standard tools, and other parts can be added as desired to make a complete socket equipment. Tools finished in bright cadmium.

No. 2470—12 Piece Set—Shipping Weight 5 lbs. Each

Standard Package 25—List Price \$2.58

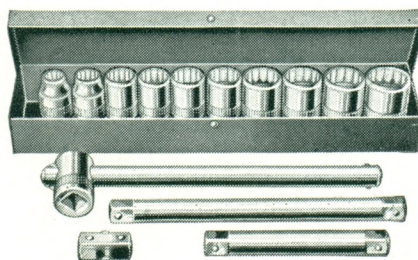

No. 2471

This is a carefully selected assortment of sockets with the many purpose Ell and Tee Handle, the tool that takes the place of many. There are Ten 12 point sockets. Sizes: 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 7/8", 15/16", 1", 1 1/8" and 1 1/4", carefully machined to size, heat treated and hardened. With a Sliding Ell and Tee Handle and 1 1/4" Adapter. Handle and sockets finished in bright cadmium and packed in a covered steel box 11 1/2" x 2 5/8" x 1 1/2".

No. 2471—11 Piece Set—Shipping Weight 4 Lbs. Each

Standard Package 25—List Price \$1.82

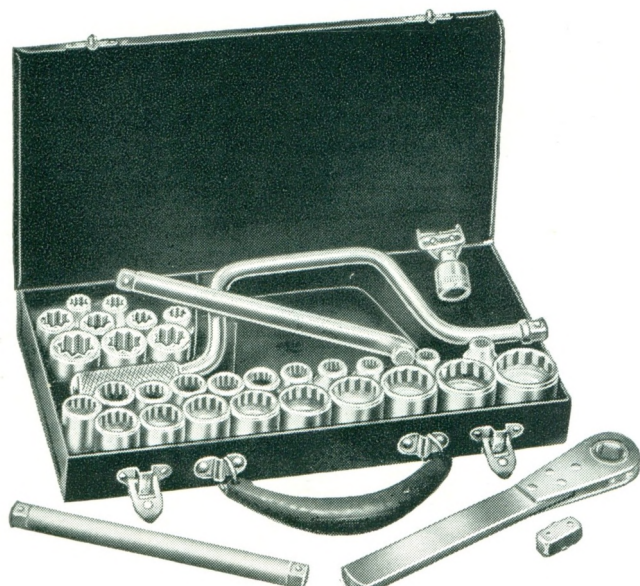

No. 2473

A Handy set for the home garage or one that can be readily carried in the car. Contains the necessary sockets for emergency repairs. There are Ten heat treated 12 point sockets, 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 7/8", 15/16", 1", 1 1/8" and 1 1/4". A Sliding Ell and Tee Handle, and three extensions 1 1/4", 4 1/2" and 7 3/4" long. All bright cadmium finished and packed in a covered steel box 11 1/2" x 2 5/8" x 1 1/2".

No. 2473—14 Piece Set—Shipping Weight 4 1/2 Lbs. Each—Standard Package 25—List Price \$2.18

Husky CARBON AUTO MECHANICS' SETS

1/2" SQUARE DRIVE

No. 2480

The parts of this set have been selected especially to meet the requirements of truck or car drivers' emergency repairs on the road or in the garage. The 12 point double hex sockets range in size from $\frac{5}{16}$ " to $1\frac{1}{4}$ " and the 8 point sockets from $\frac{5}{16}$ " to $\frac{3}{4}$ ". The short sturdy speeder will do excellent duty as a speed wrench, rim wrench or valve grinder. The other necessary socket wrench accessories are included.

All parts are made from carefully selected special analysis steel, carefully machined and properly heat treated, hardened and bright cadmium finished.

The pieces are compactly arranged in a heavy gauge hinged cover metal box, attractively finished, with brass plated hinges and catches. Size of Box 13" x 7" x $1\frac{5}{8}$ ".

There are 20—12 point sockets, $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{17}{32}$ ", $\frac{9}{16}$ ", $\frac{19}{32}$ ", $\frac{5}{8}$ ", $\frac{21}{32}$ ", $\frac{11}{16}$ ", $\frac{3}{4}$ ", $\frac{23}{32}$ ", $\frac{13}{16}$ ", $\frac{7}{8}$ ", $\frac{15}{16}$ ", $\frac{31}{32}$ ", 1 ", $1\frac{1}{8}$ " and $1\frac{1}{4}$ ". 9—8 point sockets, $\frac{5}{16}$ ", $\frac{11}{32}$ ", $\frac{3}{8}$ ", $\frac{7}{16}$ ", $\frac{1}{2}$ ", $\frac{9}{16}$ ", $\frac{5}{8}$ ", $\frac{11}{16}$ " and $\frac{3}{4}$ ". A Ratchet and Adapter, Long Extension, Ell Handle, Short Speeder and Valve Grinder. All $\frac{1}{2}$ " square standard drive.

Husky CARBON UNIVERSAL WRENCH SETS

1/2" SQUARE DRIVE

No. 2457W

We have carefully selected each part contained in this set for the purpose of supplying the mechanic with a complete set of wrenches of exceeding value at a very low price. The contents are designed and adapted to meet the requirements of the most exacting and difficult work. The number of pieces permit a universal range of combinations, enabling the mechanic to work in the most inaccessible places safely and with confidence.

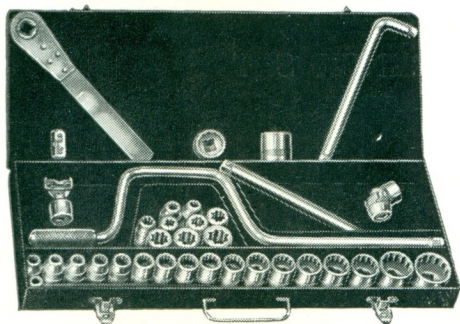

The sockets and accessory parts are made from special analysis carefully selected steels, heat treated and properly hardened. All parts are fully guaranteed and finished in heavy bright cadmium plate and are 1/2" standard drive, interchangeable with all standard wrench sets.

Packed in heavy gauge steel box, size 19" x 7" x 1 5/8", double locking hinged cover with brass plated hinges and catches attractively finished.

Contains—20—12 Point Sockets 5/16", 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 7/8", 15/16", 1", 1 1/16", 1 1/8" and 1 1/4". Seven 8 Point Sockets 3/8", 7/16", 1/2", 9/16", 5/8", 11/16" and 3/4". Ratchet and Adapter, Long Extension, Slide Tee Handle, Long Speeder, Drag Link Socket Valve Grinder, Universal Joint and 4 1/2" Extension.
